# Murphy's Famous Clinics

Here are just the books you have been waiting for. In them you obtain in Dr. Murphy's own magnetic language everything this brilliant operator, this keen diagnostician says and does, taken down verbatim by an expert stenographer and illustrated by artists right in the amphitheater. And you know the points in diagnosis and treatment Dr. Murphy gives you are ones you can apply in your every day practice—little expedients devised by Dr. Murphy himself and based on actual clinical experience—points you cannot obtain anywhere else—points that mean accuracy in diagnosis, success in treatment.

*IT IS ONLY IN THESE CLINICS THAT YOU CAN GET THE ACTUAL TECHNIC  
IN DETAIL OF ALL DR. MURPHY'S GREAT BONE WORK.*

These clinics, however, are not devoted exclusively to bone work. While they are not intended as a text-book on surgery, but simply as an exact record of what goes on at Mercy Hospital, you know that no surgeon has a greater variety of work than Dr. Murphy. These clinics include practically every operation in the field of major surgery. Just send for a circular today and see for yourself the wide range embraced.

Issued serially, one number every other month (six numbers a year), each number containing about 150 octavo pages, illustrated. Per year: \$8.00; Cloth, \$12.00. Sold only by the calendar year.
